Study Title: CF Registry

		Please Initial
1	I confirm that I have read and understand the information sheet dated 8 October 2017 (version 3) for the above study. I have had the opportunity to consider the information, ask questions and have had these answered satisfactorily.	
2	I understand that my child's participation is voluntary and that she/he is free to withdraw at any time, without giving any reason, without his/her medical care or legal rights being affected. If I or my child withdraws consent his/her personal data will be removed from the Registry.	
3	I understand that relevant sections of any of my child's medical notes and data collected during the study, may be looked at by a small number of responsible individuals from the NHS Trust (chiefly those involved directly with my child's clinical care), Regulatory authorities, and the authorised individuals at the Cystic Fibrosis Trust (but only authorised individuals who are involved in analysing and maintaining the data contained in the CF Registry).	
4.	I understand that information that can identify my child will only be given to others for the purposes for which I have consented. I understand that the CF Registry may hold my child's data in pseudonymised form, meaning it can be viewed without identifying my child (e.g. for research purposes) but my child can only be identified by a small number of authorised individuals mentioned above. I also understand that anonymised data that cannot identify my child may be shared with researchers both in the UK and in other countries.	
5.	I understand that information held by the NHS and records maintained by the Office of National Statistics may be used to follow my child's health status.	
6.	I agree for my child to take part in the above study
